

## ANNUAL NOTIFICATION OF PLANNED PESTICIDE USE

Dear Parent or Guardian,

The Healthy Schools Act (HSA) of 2000 was signed into law in September 2000 and requires that all California school districts provide parents and guardians of students with annual written notification of expected pesticide use on school sites. This notification identifies the active ingredient(s) in each pesticide product and includes the internet address to the Department of Pesticide Regulation (DPR) for further information on the pesticides and their alternatives. The Placer County Office of Education post this notification every year on the Maintenance and Facilities website.

Below are the pesticides PCOE expects to apply during the school year.

### PESTICIDE/ HERBICIDE USE LIST

Product Name	Manufacturer	Active Ingredient	EPA Registration Number
