

## ALTERNATIVE DISPUTE RESOLUTION (ADR)

### Helping Families Navigate Special Education with Confidence

At SELPA, we're here to support you throughout your child's IEP journey. We offer several types of assistance to help you better understand the process, address concerns, and work collaboratively with your school district.

#### Family Support

This support may include:

- Answering your questions about special education and the IEP process
- Meeting with you to discuss concerns
- Helping you communicate with your school team

A SELPA Program Specialist will work with you and the school district to gather information, explain the IEP process, and help address any areas of concern or disagreement.
