## *Issues with Parent Response to IEPs*

Parents are not responding. Parents do not consent to a portion of the IEP. We are on meeting number three of this IEP. Parents declined the triennial assessment plan. Do you ever run into these issues? Do you wonder what the district's legal responsibility is? Do you want to know how to document the situation in SIRAS? This session will answer all your questions!

**INTENDED AUDIENCE**  
All Special Education  
Administrators, Program
