

## LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Loomis Basin Charter School

CDS Code: 31-66845-0117150

School Year: 2025-26

LEA contact information:

Shauna Newton

Director

916-652-2642

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

### Budget Overview for the 2025-26 School Year

#### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Loomis Basin Charter School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Loomis Basin Charter School is \$6,043,489, of which \$5,490,000 is Local Control Funding Formula (LCFF), \$517,489 is other state funds, \$36,000 is local funds, and \$0 is federal funds. Of the \$5,490,000 in LCFF Funds, \$94,426 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Loomis Basin Charter School plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Loomis Basin Charter School plans to spend \$5,840,141 for the 2025-26 school year. Of that amount, \$3,677,782 is tied to actions/services in the LCAP and \$2,162,359 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

General Fund Budget Expenditures not addressed in the LCAP include certificated/classified, confidential and management salaries and benefits, substitute costs, general supplies and instructional materials, special education costs, utilities, property and liability insurance, legal services, costs associated with International Baccalaureate program, contracted services and STRS/PERS On-Behalf contributions.

## Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, Loomis Basin Charter School is projecting it will receive \$94,426 based on the enrollment of foster youth, English learner, and low-income students. Loomis Basin Charter School must describe how it intends to increase or improve services for high needs students in the LCAP. Loomis Basin Charter School plans to spend \$266,119 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what Loomis Basin Charter School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Loomis Basin Charter School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, Loomis Basin Charter School's LCAP budgeted \$284,588 for planned actions to increase or improve services for high needs students. Loomis Basin Charter School actually spent \$223,596 for actions to increase or improve services for high needs students in 2024-25.

The difference between the budgeted and actual expenditures of \$60,992 had the following impact on Loomis Basin Charter School's ability to increase or improve services for high needs students:

The difference between the budgeted and actual expenditures of -\$60,992 had the following impact on Loomis Basin Charter School's ability to increase or improve services for high-needs students: The actual expenditures to increase services for high-need students were less than budgeted. Due to the elimination of a 0.5 FTE Student Support Service position, the actual expenditures related to Supplemental Goal 1.5 were less than anticipated. The services provided by this eliminated position were fulfilled by the IB Coordinator position (which increased from 0.5 FTE to 1.0 FTE for 25-26. In addition, the intervention teacher provided related services to high-needs students.

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

## Plan Summary [2025-26]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Loomis Basin Charter School (LBCS), an International Baccalaureate (IB) World School offering the Primary Years and Middle Years Programs, is dependent on the Loomis Union School District (LUSD). The vision of LBCS is to, "create a community of learners empowered to enact positive change in the world." Along with LUSD, we believe that in order for educational excellence to occur we need to first believe in accepting all students, respecting all students and educating all students. LUSD looks to the Strategic Plan as the primary source of direction and vision to meet the learning needs of all students. In addition to our Charter Petition and IB Philosophy, we are guided by the foundational goals of the LUSD Board of Trustees to ensure that we provide an engaging and challenging instructional program for all students. To meet the combined LUSD and LBCS goals, we are committed to providing quality professional development to staff, maintaining fiscal and human resources excellence, celebrating student and staff accomplishments and achievement, and researching, piloting, implementing, and evaluating innovative instructional and supplemental programs. The mission, vision and goals of LBCS and the Board of Trustees are all reflected in the priorities, actions and services identified in the Loomis Basin Charter School Local Control & Accountability Plan (LCAP).

The Loomis Union School District operates and manages Loomis Basin Charter School within the parameters and expectations outlined in the Charter Petition and the fiscal, educational, and accountability high standards that govern all schools and programs in the District. The day-to-day operations of the school are overseen by its Director, with supervision by the Superintendent.

The Loomis Union School District serves the Loomis Basin community that has a rich tradition of community and pride. The families of the Loomis Union School District strongly support each of our 7 schools, including Loomis Basin Charter School, and are actively engaged in the

educational and community activities that unite the Loomis Basin community. LBCS is a school of choice that serves Kindergarten through 8th grade, and our families come from Loomis and the surrounding areas. LBCS enrolls approximately 500 students and offers two classes per grade level. For the 24-25 school year, 8.4% of students are identified as socio-economically disadvantaged and under 1% as English Language Learners. We offer Special Education through a Resource Program (RSP). Our families recognize that our high level of academic achievement, the opportunities for co-curricular and extracurricular programs, our Spanish immersion program, our focus on skill development, the emphasis placed on service, and our international mindedness add to the desirability for participation at LBCS. Loomis Basin Charter School offers the Primary Years Program (PYP) and Middle Years Program (MYP), internationally accredited programs designed to educate the whole child and prepare students to participate in an increasingly connected world that offers a challenging program and rigorous assessment.

The continued focus at LBCS is on high quality first instruction, IB concept and skill development, relationship building, and a multi-tiered system of support (MTSS). As we move forward, LBCS continues to focus on these ever present throughlines while targeting high academic standards and social emotional learning for all students.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

### LBCS LCAP Annual Performance Reflection

Upon reviewing our school's performance on the 2024 California School Dashboard and local data, we identified both successes and challenges across multiple state indicators. Our reflection highlights the areas needing targeted support and our ongoing efforts to improve student outcomes across all student groups.

#### Academic Performance (ELA and Math)

##### ELA Performance:

Loomis Basin Charter performed well on the ELA indicators with 74% of students meeting or exceeding standards of the CAASPP (2024). On average, LBCS students scored 59.9 points above standard and increased 14.6 Points. Successes include notable growth for Students with Disabilities, showing an increase (+13.1), and Socio-Economically Disadvantaged (SED) students increased significantly (+21.5). Although we have seen overall growth, our metric was not met. There was, however, a 2% increase in the number of students showing ELA mastery. We are seeing progress toward desired outcomes.

##### Next Steps:

Actions to address ELA performance include:

- High quality, standards based instruction to all students

- Improve student learning and performance in English Language Arts (ELA) by continuing the development of a comprehensive Scope and Sequence that integrates morphology for grades 3-5 and systematic phonics instruction through UFLI, SIPPS, and Heggerty in grades K-3.

This initiative ensures alignment with evidence-based literacy practices, supports differentiated instruction, and promotes equitable access to

foundational reading skills for all students.

#### Math Performance:

Loomis Basin Charter performed well on the Math CAASPP indicators, with 68% of LBCS students in grades 3-8 meeting or exceeding standard on the 2024 assessment. Although we have seen overall growth, our metric was not met. There was, however, 2% growth overall, showing progress toward desired outcomes. Average scores were 30.7 points above the state standard. Students with Disabilities maintained (0.6), while Socio-Economically Disadvantaged (SED) students significantly improved (+20.7). We are concerned that the Students with Disabilities (SWD) subgroup continues to score below grade-level standard. Finally, although scores showed growth and remained well above the state average, LBCS did not meet our growth goal.

#### Next Steps:

Actions to address Math performance include:

- Enhance student learning and performance in mathematics by piloting three research-based math curricula to identify the most effective instructional materials aligned with state standards and student needs.
- Continued offering of summer school in the 2025-2026 school year.
  - IXL math intervention program for student use during school and at home.
- Partnerships with outside agencies will be utilized to offer high-quality after-school enrichment opportunities.

#### Attendance/Chronic Absenteeism:

The attendance rate at LBCS is 96.12%, as of April 2025. LBCS experienced successes and challenges in Chronic Absenteeism. Overall, chronic absenteeism has significantly reduced, as highlighted in the 2024 California School Dashboard. Marked in Green, LBCS showed 7.9% of students were Chronically Absent, showing a decline of 1.5%. Notably, students identified as socioeconomically disadvantaged saw the most significant improvement, with a 9.9% decrease, reducing their rate to 22.7%. Rates were highest among the students with disabilities subgroup where, 9.7% were chronically absent, showing an increase of 1.5%. We did not have any student groups in Red. We attribute this success to staff monitoring, early intervention, family engagement strategies as needed, and attendance monitoring.

#### Next Steps:

Our next steps are to continue staff monitoring early warning systems, family engagement strategies as needed, and providing attendance intervention to families in need.

#### Suspension Rate:

Our suspension rate increased by 1.4%, from .2% to 1.6% suspended at least one day. Student Groups in the Red were Students with Disabilities and Socioeconomically Disadvantaged Students. In the students with disabilities (SWD) subgroup, 6.5% of students were suspended at least one day showing an increase of 6.5%. In the socioeconomically disadvantaged (SED) subgroup, 6.8% of students were suspended at least one day, showing an increased 4.7%.

#### Next Steps:

Interventions include increasing our efforts for positive behavior acknowledgement and reinforcing positive behavior practices with greater consistency. We are also continuing our work in restorative practices to support positive culture on campus and sustain low suspension

rates. We are dedicated to continuing to monitor this data and taking proactive steps to ensure all students feel included, including creating a Tier 2 Behavior Team to focus on students who have the greatest needs for behavioral support.

Facilities Rating 2025 FIT: Site is Fair

LREBG Funds:

In 2025–26, we will have remaining funds. We will continue utilizing LREBG funds to support the salaries of intervention teachers. This approach supports small-group and individualized instruction to close achievement gaps, particularly for English learners and low-income students, addressing both academic recovery and core instructional needs. The impact of these actions will be monitored using local benchmark assessments and disaggregated CAASPP data to ensure improved outcomes for the unduplicated student groups.

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Not Applicable

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Loomis Basin Charter School is not eligible for comprehensive support and improvement.

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Loomis Basin Charter School is not eligible for comprehensive support and improvement.

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Loomis Basin Charter School is not eligible for comprehensive support and improvement.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents/Guardians	<ul style="list-style-type: none"> <li>• Surveyed parents/guardians (Nov 2024) to request input related to three key areas: Learning Environment and Culture; Communication; Student Achievement, and Instruction</li> <li>• Parent data was compared to corresponding staff and student survey feedback to analyze trends and patterns</li> <li>• School Site Alliance (SSA) Meeting Input</li> <li>-School Site Alliance (SSA) Survey               <ul style="list-style-type: none"> <li>• Present the LCAP to the Parent Advisory Committees (January 2025) and the District English Learner Parent Advisory Committee (May 2025). Feedback from these committees is considered in developing and monitoring progress with LCAP goals.</li> </ul> </li> <li>• Parent-Teacher Club (PTC) LBCS PTC Board Meetings as well as the LUSD monthly PTC Presidents meeting with the Superintendent; the LCAP is reviewed, and feedback is collected (May 2025).</li> </ul>

Administration	District Leadership Team (Cabinet)
All Educational Partners	District Strategic Plan
Placer County Office of Education	LUSD Collaboration Meetings with PCOE & SELPA (Spring 2025)

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Loomis Basin Charter School utilizes input from key educational partners to develop the Local Control and Accountability Plan. The process for soliciting educational partners' input was varied to include meetings, surveys, and focus groups to gather data on progress toward annual goals, as well as proposed actions and services. Prior to drafting the 2025-2026 LCAP all educational partners feedback was analyzed for trends and patterns. This information was then used by the LEA to guide the development of the 2025-2026 LCAP. A summary how this feedback was collected is provided below:

**Educational Partner Surveys:**

In November, 2024, an LCAP survey was distributed to all current student families via Parent Square email to the LBCS community. The survey was specifically designed to provide quantitative and qualitative data on LBCS' progress toward LCAP goals and State Priorities. Survey data was reviewed by district office staff, the LBCS Director, and certificated staff to analyze progress toward annual goals and determine next steps in revision of the LCAP. The results of that survey were shared at the February 2025 School Board meeting.

**Response to school and district newsletters and communication:**

During the 2024-2025 school year, regular family communication continued to be a priority for LBCS. This communication was initiated by both the district or site (for informational purposes) and initiated by families (seeking to advise leaders on policy, curriculum, and other practices). As needed, administration and families came together to discuss and listen to items of concern in-person.

**School and district sponsored events:**

District and school administration attended various after-school and during-school events to hear from educational partners. These informal conversations were then shared with district decision makers to better direct our future planning. These events included, but were not limited to, IB Information nights, Open House night, festivals sponsored by PTC organizations, and athletic events.

**LCAP Student Survey:**

In March 2025, the LCAP Student Survey was distributed to gather input from 5th-8th grade students that connect to goals in the LCAP. Additionally, through site venues including Leadership classes, MYP Community Project Showcase 5th grade Exhibition, and participation in various site initiatives student feedback was collected.

#### Parent Advisory Committees:

In conjunction with LUSD, LBCS utilizes the support of existing forums for educational partners engagement by soliciting the input of various educational partner committees. In May 2025, the Assistant Superintendent of Ed Services shared information to LUSD's Parent Advisory Committee, referred to as the Parent Teacher Committee (PTC), made up of parent representatives from each of the seven schools, including LBCS. Progress on LCAP goals (as measured by identified metrics) were presented. Ideas were solicited for future revisions of the LCAP. The Superintendent responded in writing to any comments received from either advisory committee. In February 2025, the LBCS School Site Alliance (SSA) met and reviewed the Mid-Year LCAP and ideas were solicited for future revisions of the LCAP.

#### K Parent Information Nights:

While LBCS will not be hosting TK for the 25-26 school year, our families are allowed to attend TK at other LUSD sites. Yearly, LUSD hosts a TK/KParent Informational Night to address frequently asked questions regarding kindergarten and transitional kindergarten. LBCS also hosted an SSA Kindergarten Lottery meeting in December 2024, families were given the opportunity to ask questions of site and/or district staff members. In addition, Kindergarten Parent Informational Night was hosted in March 2025 to discuss our IB & PYP program and how it relates to Kindergarten at our site.

#### Board Meetings:

The LUSD School Board meets monthly to discuss current topics of interest and importance to our LUSD community. These meetings have the added function of being an avenue for parents to share comments, questions, and concerns related to the school and/or district. Parent attendance at school board meetings continues to be higher than we have historically had in past years. Attendants participated through public comment to the Board.

#### Board of Trustees:

As an integral part of the district governance structure, the LUSD Board of Trustees was involved in the LCAP development, refinement, and adoption process throughout the 2024-2025 school year. This feedback directly impacts LCAP goals (during development years), and actions. In addition, Board meetings were held in August 2024, December 2024, and February 2025, and with presentations by the Assistant Superintendent of Business Services regarding LBCS's budget review and progress toward supporting LCAP goals utilizing LCFF general and supplemental funds. Input was solicited from the Board of Trustees on the use of LCFF funds to support actions and services in alignment with LBCS's LCAP. A public hearing on the proposed 2025-2026 LCAP was made available to the public and Board of Trustees in May 2025. Revisions to the LCAP were made and finalized based on input from the public hearing. During the period of time between the public hearing on May 2025 and the final submission to the Board of Trustees in June 14, 2025, no written comments from educational partners were submitted to the LUSD Superintendent, therefore, no responses were required. In June 2025, the finalized LCAP and related budget was submitted to the Board of Trustees for adoption for the 2025-2026 school year.

#### Superintendent attends local community leadership meetings:

Connection with our local community is led by our Superintendent. The Superintendent, and occasionally Executive Cabinet members, meet with local organizations to understand the needs of the community and to express the needs of our district.

### PTC President Meetings

During the 2024-2025 school year, LUSD Parent Teacher Club (PTC) Presidents (including LBCS' PTC president) were invited to discuss items of interest with our Superintendent, Assistant Superintendent of Business Services, Assistant Superintendent of Educational Services, and other various leaders. These meetings provided time for site questions and concerns to be discussed at the district level and provided an outlet for parent representatives to offer insight into site priorities.

### DELAC Meetings:

LCAP feedback was collected from LUSD's District English Learner Advisory Committee (DELAC) (May 2025). LCAP draft information was shared and reviewed with parents. Families were also given the opportunity to provide input for future revisions to the LCAP. As educational partner feedback from some groups, such as DELAC, remains low, LUSD has drafted actions related to goal #3 that target increasing educational partner outreach, input, and specifically addresses English Language Learner and Socioeconomically Disadvantaged parent groups.

### Staff Development Survey:

Following all Staff Development Days staff, including members of both the credentialed and classified staff, were given an opportunity to provide feedback to the Educational Services team via post-professional day surveys. This information was used to drive future actions and services directly related to LCAP goals. Staff Development Day Surveys, 2024-2025. Responses were ranked on a 4-point Likert Scale. The percentage of respondents "agree (3)" or "strongly agree (4)" with each of the following statements:

### District Instructional Staff (Classified and Certificated):

During weekly staff meetings and PYP/MYP program collaborations at LBCS, the director and/or IB coordinator led discussions on areas of strength and areas for growth, as well as student and staff needs. These site based discussions provided a forum for input that directly impacted the refinement of the 2025-2026 LCAP.

### School Site Alliance:

In May 2025 the LBCS Director shared information with the School Site Alliance (SSA), made up of parent representatives and LBCS staff members. Progress on LCAP goals (as measured by identified metrics) were presented and ideas were solicited for future revisions of the LCAP.

### District Leadership Team (Cabinet):

LUSD's cabinet is composed of district office administration and support staff as well as site administrators from each of our seven schools, including the Director from LBCS. During weekly cabinet meetings, curriculum & instruction, professional development, school climate, safety, and ongoing feedback received from educational partners was reviewed, discussed and, as appropriate, acted upon. The actions linked to these discussions provided valuable input that was used to refine the 2025-2026 LCAP.

### District Strategic Plan:

Updates to LUSD's Strategic Plan were completed throughout the 2024-2025 school year. A new, three year strategic plan was drafted for 2023-2026. The Strategic Plan is developed to support LUSD's vision and mission to provide a quality educational experience for students, staff, and the community. The Strategic Plan, created to address the educational needs of the district and to serve as the driving force

behind the goals, actions and services identified in the LCAP, was developed by key educational partners that included district office administration, site administration, community and staff input, and the Board of Trustees. Educational partners feedback was taken during the 2024-2025 and then used to revise the Strategic Plan, which in turn impacts the drafting of LCAP goals, actions, and services.

Placer County Office of Education & SELPA:

LUSD represented LBCS and collaborated with PCOE and a SELPA representative prior to the finalization of the 2025-2026 LCAP. The SELPA collaboration is related to Special Education and supports, and LCAP goals and actions. SELPA feedback was collected and incorporated into the 2024-2025 LCAP. A summary of the feedback provided by specific educational partners.

LCAP Student Survey, November 2024 (236 total respondents in grades 5th-8th), to request input related to three key areas: Learning Environment and Culture; Communication; Student Achievement, and Instruction. Student data was compared to corresponding staff and parent survey feedback to analyze trends and patterns. Additional feedback collected at the site level through leadership classes, PBIS rallies, site-based campus culture surveys, and participation in various site initiatives. Feedback related to the LCAP is included for consideration. This information is used in developing the LCAP and monitoring progress on goals.

Staff participation and enthusiasm to implement new learning following professional development offerings remained high. Staff Development Day agendas were modified to accommodate staff requests both prior to the start of the school year as well as throughout.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	The percentage of all student who meet or exceed standards in math and English Language Arts (ELA) will maintain while targeted subgroups Low Socioeconomically Disadvantaged, will improve their performance in math and ELA as measured by annual CAASPP data.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 7: Course Access (Conditions of Learning)

An explanation of why the LEA has developed this goal.

In 2023, LBCS met all Local and State Indicators and our students continue to demonstrate high levels of achievement in core subject areas, where 72% of students either meet or exceed state standards in English Language Arts. Over the past three years LBCS has increased this percentage by 7%. In 2023, 66% of students meet or exceed state standards in Math. Over the past three years LBCS has increased this percentage by 6%. The information below outlines LBCS's focus on maintaining these high levels of academic achievement in outgoing years.

In order to maintain the percentage of students meeting or exceeding standards, LBCS will continue to focus on high quality first instruction strategies with supportive tier II and III interventions within a robust multi-tiered system of support. Both general education and special education staff will benefit from professional development, coaching support, and data-driven decision making collaboration to best meet the needs of all students with a particular focus on those with the highest needs. LBCS will continue to monitor English Learner progress while providing support through a tiered model led by a certificated English Learner teacher. Implementation of this tiered approach has included a coaching model for targeted English Learners. In addition, low socioeconomically disadvantaged students will continued to be monitored and given the opportunity to participate in reading and math intervention.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

## Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

### Successful Implementation:

Action 1.1 – High-Quality Standards-Based Instruction to All Students - LUSD/LBCS ensured high-quality, standards-based instruction through rigorous curricular materials and comprehensive staff support. The district maintained 100% Williams Compliance, ensuring equitable access to resources. New teachers received guidance through New Employee Orientation and Mid-Year Feedback Sessions, while the Induction Program at PCOE provided mentorship and training. To promote ongoing growth, LUSD offered teacher incentives for professional development, strengthening instruction, and improving student outcomes.

Action 1.2 – High-Quality Standards-Based Supplemental Curricular Supports - LUSD/LBCS adopted high-quality supplemental materials and provided professional development to support ELD and low-income students. Learning Ally Audiobooks and the Academic Conference Process enhanced literacy and targeted interventions, while the EL Team trained staff on ELD curriculum, best practices, and translation tools. The EL Newcomer Student Toolkit supported student transitions. A Reading Risk Assessment Pilot identified students needing intervention, and the Building Thinking Classrooms training embedded into professional development opportunities throughout the year equipped teachers with strategies for critical thinking. These initiatives supported equitable, high-quality learning experiences for all students.

Action 1.3 – Professional Development for All Staff - LUSD/LBCS provided extensive professional development to ensure high-quality instruction and support for all staff. Four professional development days for certificated staff, along with a classified development day, included training on curriculum leadership, Building Thinking Classrooms, and subject-specific workshops. Teachers received coaching through regular classroom walk observations, the evaluation process, and science collaboration days. The EL Team offered coaching on ELD curriculum, best practices, and translation tools. Ongoing support was provided through weekly meetings, after-school and summer training, and targeted professional development in tiered interventions, data-driven decision-making, and the MTSS and Academic Conference Processes. These efforts ensured staff were equipped to meet the diverse needs of students within a multi-tiered system of support.

Action 1.4 – Expanded Learning Support Opportunities - LUSD/LBCS provided additional learning opportunities for students during and after the school day to give unduplicated pupils increased access to the grade-level core curriculum, with a focus on those needing academic

intervention. Each school continues to utilize intervention teachers dedicated to ELA and Math. After-school intervention programs were offered to further support student learning. MTSS and intervention blocks continue to be incorporated into the master schedules, ensuring structured time for targeted academic support to help students meet grade-level expectations.

Action 1.5 – Expanded Learning Enrichment Opportunities- LUSD/LBCS provided additional learning opportunities for students who would benefit from academic enrichment. These opportunities were provided in the Extended Day Program. The Extended Day Program students had access to enrichment activities such as music, art, culinary arts, local library programs, nutrition education, physical activities, targeted home help, reading libraries, and technology access, ensuring a well-rounded educational experience that supported both academic and personal growth.

Action 1.6 – Instructional Technology- LBCS purchased, repaired, tracked, and replaced technology devices while providing ongoing training on devices, apps, extensions, and intervention materials to support staff and student access to the curriculum in alignment with the newly renewed LUSD/LBCS Technology Plan. LUSD added a 0.6 Technology TOSA position to support technology integration for LBCS as well. All certificated staff continue to utilize laptops. Student Chromebooks are available at all schools, and at least six iPads are provided per classroom for grades K-1. Chromebooks were purchased for 2nd grade students as well to prepare them for the technology needs that they will encounter in 3rd grade. LBCS is continuing to purchase chromebook carts to meet the goal of 1:1 chromebooks for grades 2-8.

Action 1.7– Instructional Technology Supports for Subgroups- LUSD provided training and resources to staff and students to increase the integration of technology supports, allowing unduplicated pupils multiple means of representing information, expressing knowledge, and engaging in learning. These supports included tools like Learning Ally audiobooks, Pocket Talks, Google Translate, iPads, Chromebooks, and C-Pens (text-to-speech).

#### An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Estimated Actual Expenditures for Goal 1 are less than the originally budgeted expenditures by \$578,067. The difference is attributed to the following:

Goal 1, Action 1: Salary and benefit adjustments for certificated and administrative staff, including vacancies and new hires, which resulted in a net decrease in anticipated costs for salaries and benefits. In addition, less than anticipated for substitutes (daily and long-term) resulted in a decrease in estimated actual expenditures. Decreases in anticipated costs of textbooks, related supplies, contracted services, and costs associated with the County Teacher Induction Program costs also accounted for the decrease in estimated actual expenditures. These changes resulted in a net decrease of \$452,921.

Goal 1, Action 2: A slight decrease in actual expenditures related to supplemental science supplies (Mystery Science) was coupled with a decrease in substitute costs for Academic conferences. These decreases were offset by an increase to costs for salaries and benefits related to the I.B. coordinator position. The result was a net decrease of \$2,741 in estimated actual expenditures compared to the originally budgeted expenditures.

Goal 1, Action 3: Costs for substitutes related to I.B. collaboration and professional development were less than anticipated. In addition, less than anticipated expenditures for I.B. conferences and professional development/contracted services related to the Educator Effectiveness Funds one-time grant, resulted in a net decrease of \$1,673 in estimated actual expenditures compared to the originally budgeted expenditures.

Goal 1, Action 4: Costs for EL teacher support was slightly higher than anticipated. The result was a net increase of \$95 in estimated actual expenditures compared to the originally budgeted expenditures.

Goal 1, Action 5: Salary and benefits adjustments related to the intervention teacher resulted in an increase in estimated actuals. This was offset by a decrease resulting from the elimination of the I.B. student support position. In addition, costs for the ELOP program and site-specific before-and-after-school intervention/enrichment programs were less than anticipated. The net result was a decrease of \$95,911 in estimated actuals compared to the originally budgeted costs.

Goal 1, Action 6: Less than anticipated costs for Kinder Prep Camp resulted in a net decrease of \$442 in estimated actual expenditures related to this goal.

Goal 1, Action 7: The original budget included G-Suite student licensing costs which, due to changes in Google's services, were not required/billed. Technology supply and equipment costs were less than anticipated. The net result was a decrease of \$18,890 in estimated actuals compared to the originally budgeted expenditures.

Goal 1, Action 8: Costs for tech supplies and chromebook repairs/replacements for student supports were less than originally anticipated. Contracted services related to (See-Saw, Go-Guardian for students, and View-Sonic trainings) were slightly less than anticipated. The net result was a decrease of \$5,584 in estimated actuals compared to the original budgeted expenditures.

#### A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

All actions and services for goal #1 were intended to positively impact academic growth for students both as a whole and in targeted groups. As the three-year LCAP was drafted (2024-2027), LUSD focused on metrics that would provide academic progress data for all students and specific target groups.

LUSD has grouped the actions for goal 1, along with applicable data sources, into two groups—actions meant to improve academic progress for all students and actions meant to improve academic progress for target groups (English Learners and Students with Disabilities).

Actions meant to improve academic progress for all students

1.1 – High-Quality Standards-Based Instruction to All Students

1.3 – Professional Development for All Staff

1.6—Expanded learning enrichment opportunities

1.7—Instructional technology

Action 1.1 – High-Quality Standards-Based Instruction to All Students demonstrated strong effectiveness, with CAASPP ELA scores increasing from 69% in 2023 to 70% in 2024. Math scores remained stable at 64%, with a target of 67% by 2026. English Learner Progress, measured by the CA Dashboard, declined from 71.4% in 2023 to 52.2% in 2024, with a goal of reaching 71%+ by 2026. LUSD’s structured staff support, including mentorship, professional development incentives, and curriculum leadership, contributed to instructional quality and student achievement.

Action 1.3 – Professional Development for All Staff demonstrated strong effectiveness, with CAASPP ELA scores increasing from 69% in 2023 to 70% in 2024, while math remained at 64%, with a target of 67% by 2026. Staff development survey results showed high engagement, with 85% of teachers in 2024 reporting gains in skills and knowledge and 88% expressing enthusiasm for applying new learning. LUSD’s professional development efforts, including curriculum leadership training, Building Thinking Classrooms, and subject-specific workshops, provided critical support for instructional excellence. Ongoing coaching through classroom observations, 1:1 evaluation support, and science collaboration days ensured sustained growth. The EL Team’s training on ELD curriculum and best practices, along with specialized EL conferences and targeted interventions, further strengthened instructional capacity within a multi-tiered system of support.

Action 1.6 – Expanded Learning Enrichment Opportunities showed a successful outcome by providing academic enrichment for students through GATE Robotics, GATE field trips, and an extended day program. The extended day program offered activities such as music, art, culinary arts, library programs, nutrition education, physical activities, targeted homework help, reading libraries, and technology access, fostering both academic and personal growth. CAASPP results showed ELA improvement from 69% to 70%, while math slightly declined from 65% to 64%, with a goal of reaching 67% by 2026. These efforts aimed to enhance student learning beyond the classroom, ensuring a well-rounded educational experience.

Action 1.7 – Instructional Technology successfully ensured students and staff had access to essential technology by purchasing, repairing, tracking, and replacing devices in alignment with the renewed LUSD Technology Plan. A 0.6 FTE Technology TOSA position was added to support integration, and ongoing training was provided on devices, apps, and intervention tools. All certificated staff continued to use laptops, with student Chromebooks available at all schools and at least six iPads per TK-2 classroom. CAASPP results showed ELA improvement from 69% to 70%, while math declined slightly from 65% to 64%, with a 2026 goal of reaching 67%. These efforts aimed to enhance digital access and learning.

Given CAASPP, local assessments, and additional data sources as described above, LUSD considers action items 1.1, 1.3, 1.6, and 1.7 to have been effective in maintaining and improving LUSD student achievement to a large degree.

Actions meant to improve academic progress for target groups:

- 1.2—High quality, standards-based supplemental curricular supports
- 1.4—English language development (ELD) standards-based instruction
- 1.5—Expanded learning support opportunities
- 1.8—Instructional technology supports for subgroup

Action 1.2 – High-Quality Standards-Based Supplemental Curricular Supports demonstrated strong effectiveness, with CAASPP ELA scores increasing from 69% in 2023 to 70% in 2024, while math scores remained stable at 64%, with a target of 67% by 2026. LUSD’s adoption of high-quality supplemental materials, professional development for EL and low-income student support, and targeted interventions contributed

to maintaining and improving student achievement. Programs like Learning Ally, the Academic Conference Process, and the Reading Risk Assessment Pilot enhanced literacy, while Building Thinking Classrooms and collaboration with Placer County reinforced instructional best practices.

Action 1.4 – English Language Development (ELD) Standards-Based Instruction demonstrated somewhat effective outcomes, with CAASPP ELA scores rising from 69% to 70% and math holding at 64%, targeting 67% by 2026. EL progress declined from 71.4% to 52.2%, with a goal of 71%+. CAASPP Distance from Standard (DFS) improved for EL students in ELA (-32 to -21.7) and math (-28.6 to -22.2). LUSD enhanced ELD instruction through integrated strategies, increased EL teacher support, and targeted interventions. Teachers received training in Reading Wonders ELD, GLAD strategies, and ELPAC assessments. The district reinforced support with the EL Master Plan, Newcomer Intake, Academic Conference, and MTSS Referral Processes, ensuring ongoing improvement.

Action 1.5 – Expanded Learning Support Opportunities showed generally successful outcomes, with CAASPP ELA scores slightly increasing from 69% to 70% and math slightly decreasing from 65% to 64%, targeting 67% by 2026. CAASPP Distance from Standard (DFS) improved across subgroups in ELA and math, with goals of continued annual growth. LUSD expanded academic interventions during and after school, ensuring unduplicated students had greater access to grade-level curriculum. Dedicated intervention teachers supported ELA and math, while after-school programs and structured MTSS intervention blocks provided targeted support. These efforts aimed to close achievement gaps and help students meet grade-level expectations.

Action 1.8 – Instructional Technology Supports for Subgroups Somewhat successful in enhancing learning for unduplicated pupils, as we provided training and resources to integrate technology tools such as Learning Ally audiobooks, Pocket Talks, Google Translate, iPads, Chromebooks, and C-Pens (text-to-speech). CAASPP results showed ELA improvement from 69% in 2023 to 70% in 2024, while math slightly declined from 65% to 64%, with a 2026 goal of reaching 67%. Subgroup DFS improvements included SWD in ELA moving from -39.8 to -27.6 and in math from -54.7 to -46.2, with all subgroups aiming for at least a three-point annual increase. Given the information and data sources described above, LUSD considers action items 1.2, 1.4, 1.5, and 1.8 to have been effective overall in addressing the needs of LUSD student subgroups as it relates to academic achievement.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

No changes

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
<b>1.1</b>	High-quality, standards-based instruction to all students.  Look back on old LCAP to see if I have low income students that funds have been used for.	LBCS will provide high quality teacher that meet applicable state certification and licensure requirements and will ensure that students and teachers will have access to standards aligned materials.	\$2,674,690.00	No
<b>1.2</b>	High-quality, standards-based supplemental curricular supports	LBCS will create, evaluate, adopt, and utilize high quality supplemental curricular materials and support to meet the needs of at risk students and provide professional development to staff on instruction, assessment, and differentiation support aligned to standards	\$95,399.00	Yes
<b>1.3</b>	Professional development for all staff	LBCS will provide professional development to support teachers in delivering high-quality first instruction using standards aligned materials and the IB curriculum. Additionally, professional development will be provided to all staff to support the effective implementation of tiered interventions, enrichment, and academic support to meet the needs of students within a multi-tiered system of support using data-driven decision making.	\$10,985.00	No
<b>1.4</b>	English language development (ELD) standards based instruction.	LBCS teachers will incorporate ELD strategies into their tier I high quality first instruction and provide tier II/III interventions specifically designed to meet the needs of English Learners within a multi-tiered system of support.	\$7,535.00	Yes
<b>1.5</b>	Expanded learning support opportunities	LBCS will provide additional learning opportunities for students either incorporated into the school day or offered outside of it. These opportunities will allow students increased access to grade-level core	\$186,153.00	Yes

Action #	Title	Description	Total Funds	Contributing
		curriculum. These student groups will include those in need of academic intervention.		
<b>1.6</b>	Expanded learning enrichment opportunities	LBCS will provide additional learning opportunities for those who would benefit from academic enrichment.	\$3,348.00	No
<b>1.7</b>	Instructional Technology	LBCS will purchase, repair, track, and/or replace technology devices and provide continued training of devices, apps, extensions, and intervention materials that support staff and student access to curriculum and instruction in alignment with LUSD/LBCS Technology Plan.	\$24,603.00	No
<b>1.8</b>	Instructional technology supports for subgroups	LUSD will provide training and resources to staff and students for the purpose of increasing integration of technology supports that address the needs of at-risk students and English Language Learners.	\$24,832.00	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	The instructional environment will be both emotionally and physically safe for all students as measured by suspension rates, attendance percentages, facility rating, and local assessment data.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

One area that LBCS continues to address is social-emotional instruction and support. The overall goal is to provide students with a safe instructional environment that allows them to better manage their emotions, resolve conflict, and form positive relationships. As indicated in the California School Dashboard, LBCS has an overall low suspension rate of 1.06%. However, there was an increase of 1.04% for All Students, an increase of 4.7% for Socioeconomically Disadvantaged Students and an increase of 6.5% in the Students With Disabilities subgroup, thus causing the former blue performance level on the California Dashboard to drop to orange.

In order to address this area of need LBCS’s approach is two-fold. First, we have, and will continue to focus on improving the learning environment for all students by increasing Tier I social-emotional instruction in the classroom and providing professional development for staff in the areas of understanding functions of behavior and Tier I and II classroom behavioral supports. Second, specifically related to Students with Disabilities, LBCS has increased collaboration between specialists who support students with behavioral needs. LBCS has maintained a high ADA percentage year over year. In order to maintain high levels of attendance LUSD has updated Chronic Absenteeism protocols and continues to train and Attendance Clerks on new procedures. Attendance protocol will continue to be monthly versus quarterly attendance review and school to home communication. Additionally, the Educational Services department provides ongoing support and regular check-ins to sites to address current attendance concerns and needs. Through this process, families are provided with necessary information and support in a timely manner. Additionally, in order to create a school environment that is welcoming and supportive of all students, LBCS continues to implement a Multi-tiered System of Support that allows students to have their individual needs addressed early, thereby reducing barriers to school attendance.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Suspension Rate (CA School Dashboard)	LBCS's CA Dashboard rating was "blue" in 2023 with .02% of students being suspended.	<p>LBCS's CA Dashboard rating was "red" in 2024 with 1.6% of students being suspended showing an increase of 1.4%</p> <p>In the students with disabilities subgroup, 6.5% of students were suspended at least one day showing an increase of 6.5%.</p> <p>In the socioeconomically disadvantaged subgroup, 6.8% of students were suspended at least one day showing an increased 4.7%.</p>		<p>All students group must maintain by .02% to stay in the Blue Level for Suspension Rate</p> <p>The percentage of Socioeconomically Disadvantaged students suspended will decline by at least 3% each year or reach a Blue Level.</p>	<p>Metric not met. All student suspensions increased by 1.4%</p> <p>Metric not met. Students with disabilities +6.5% increase</p> <p>Metric not met. Socioeconomically disadvantaged + 4.7% increase.</p>
2.2	Attendance Rate	LBCS's ADA percentage for 2022-2023 was 95.4%.	LBCS's ADA percentage as of April 11, 2025 96.12%		LBCS's ADA percentage will meet or exceed 95%.	Metric Met. ADA percentage increased by .7%
2.3	Chronic Absenteeism	In 2023, 9.4% of students at LBCS were chronically absent.	7.9% of ALL students at LBCS were chronically absent.		At the end of the 3 year LCAP cycle all students who exhibit Chronic	Metric not met. All Students decreased 1.5%

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
		<p>32.6% of Socioeconomically Disadvantaged students were chronically absent.</p> <p>14.5% of Hispanic students were chronically absent</p> <p>8.2% of Students with Disabilities were chronically absent</p>	<p>22.7% of Socioeconomically Disadvantaged (SED) students were chronically absent.</p> <p>14.5% of Hispanic students were chronically absent and maintained.</p> <p>9.7% of Students with Disabilities (SWD) were chronically absent and decreased by 1.5%</p>		<p>Absenteeism will decrease -2.3 each year to move from the orange to blue on the CA Dashboard.</p> <p>At the end of the 3 year LCAP cycle SED students who exhibit Chronic Absenteeism will decrease -9.2 each year to move from the red to green on the CA Dashboard.</p> <p>At the end of the 3 year LCAP cycle Hispanic students who exhibit Chronic Absenteeism will decrease -3.2 each year to move from the orange to green on the CA Dashboard.</p> <p>At the end of the 3 year LCAP cycle SWD who exhibit Chronic Absenteeism will decrease -1.9 each year to move</p>	<p>All Student group moved from orange to green on the CA dashboard.</p> <p>Metric met. SED students decreased 9.9%</p> <p>Metric not met. Hispanic students - 0% maintained</p> <p>Metric not met. SWD increased by 1.5% Continue to be in orange.</p>

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
					from the green to the blue performance on the CA Dashboard.	
2.4	Facility Inspection Tool	All LBCS facilities scored a “fair” rating on the Facility Inspection Tool (FIT)	All LBCS facilities scored a “fair” rating on the Facility Inspection Tool (FIT)		All LBCS facilities will move from a “fair” rating to “good” on the FIT	Metric not met. There was no change on the FIT rating.

## Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

### Successful Implementation:

Action 2.1 - Suspension rate: LUSD successfully provided support and training to staff in the implementation of Second Step, Restorative Circle/Class Meeting Development and Positive Behavior Intervention and Support provide evidence-based practices for Tier 1, social-emotional learning for all students and will increase professional development for staff in the areas of understanding functions of behavior and Tier I and II classroom behavioral supports. Implemented Web Filters and Go Guardian system districtwide to maintain a safe online environment for students and staff. Common Sense Media Digital Citizenship lessons were provided to all students and Personally Identifiable Information lessons provided to all certificated staff members to increase appropriate technology use. Co-curricular and extracurricular activities provided Music, PE, Spanish and Art instruction for all students K-8. Extracurricular activities include, esports, and Loomis Basin Athletic League sports to foster students' connection to school.

Action 2.2 - Attendance Rate: Attendance protocol will continue to be monthly versus quarterly attendance review and school to home communication. Additionally, site administration will work closely with Attendance Clerk and families to ensure families are utilizing Independent Study when needed and providing attendance feedback to families on a regular basis.

### Implementation Challenges:

#### Action 2.3-Chronic Absenteeism:

LBCS failed to adequately communicate with families that have Chronic Absenteeism. Better monitoring of the student absences and communication with families will occur on a monthly basis. The School Attendance Meeting process and Student Attendance Review Board meetings will be utilized when all other methods of attendance interventions and incentives have been exhausted.

#### Action 2.4 - Facility improvements

LUSD failed to pass a school bond in the fall of 2024. Repairs and improvements are being completed on a prioritized, as-needed basis through the district maintenance request process.  
We continue to walk campuses to create individualized plans for site improvements using the FIT Tool.

**An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.**

Estimated Actual Expenditures for Goal 1 are more than the originally budgeted expenditures by \$152,010. The difference is attributed to the following:

Goal 2, Action 1: Salary and benefits adjustments related to the counseling position resulted in an increase of estimated actual expenditures. The net result was an increase of \$279 in estimated actuals compared to originally budgeted expenditures.

Goal 2, Action 2: Salary and benefits adjustments related to the counseling position resulted in an increase of estimated actual expenditures. Additional increases related to contracted services (Care Solace), resulted in a net increase of \$2,028 over the originally budgeted expenditures.

Goal 2, Action 3: Salary and benefits adjustments to the Technology Coordinator position (due to the transfer of the proportionate share of costs for Loomis Basin Charter School tech support) resulted in an increase in estimated actual expenditures. This was slightly offset by a minimal decrease in the actual costs of Go-Guardian teacher renewal. The net result was an increase of \$495 in estimated actual expenditures compared to the originally budgeted expenditures.

Goal 2, Action 4: Decreases to estimated actuals costs for security (safety shield, security cameras, monitoring and camera repairs) were offset by increases to maintenance (supplies, repairs, contracted services, equipment replacement) and grounds (supplies and contracted services). The net result was an increase of \$50,518 in estimated actuals compared to the originally budgeted actuals.

Goal 2, Action 5: Salary and benefits adjustments for art, music, PE, Spanish, and the inclusion of staffing funded through Prop 28 funds resulted in an increase of estimated actuals. In addition, there were slight increases in art/music supplies. Costs related to LBAL athletics (coaches, athletic directors) were less than originally anticipated. Overall, the net result was an increase of \$99,690 in estimated actual expenditures compared to the originally budgeted expenditures.

Goal 2, Action 6: There was a net decrease of \$1,000 in supplies related to counseling support.

**A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.**

Based on our analysis of metrics and outcomes, the implementation of actions showed overall inadequate levels of effectiveness in achieving Goal 2, as demonstrated by both quantitative data and qualitative indicators.

Revisions of Actions 2.1 – 2.4 to effectively support Goal #2, leading to improvements in school climate, ADA rate, and Chronic Attendance with the Hispanic student population and the SWD subgroups. The integration of Social-Emotional Learning (SEL) for all students, behavioral supports, online safety initiatives , co-curricular and extracurricular activities , and school safety and climate strategies worked together to foster a more inclusive and supportive learning environment. Although we were unable to pass a school bond in the 24-25 school year, school campuses continued to be safely maintained and maintained a fair FIT rating (2.4).

Attendance remained strong at 96.12%, exceeding the 95% target. There was a decrease in Chronic Absenteeism among all students (-1.5%) and in the Student with Disabilities subgroup(-1.5%). Additionally, the number of Hispanic students who were chronically absent and maintained. However, chronic absenteeism increased in the Socioeconomically Disadvantaged (+9.9)subgroup.

Moving forward, targeted interventions will focus on reducing suspensions for Students with Disabilities and addressing chronic absenteeism across all student populations, by implementing new attendance monitoring strategies. We will continue implementing positive behavior support through our Tier 1 Behavior Team with more frequent communication with staff regarding student behavior through monitoring of office referrals and number of students receiving positive student intervention and also by increasing student support through our Tier 2 Behavior Support Team.

Structured SEL programs, proactive safety measures, and increased student engagement opportunities for the purpose of contributing to a positive school climate, reinforcing behavior expectations, student well-being, and connectedness to school. Finally, we will continue building home/school partnerships to improve student connections and sense of belonging at school through newly established DELAC and ELAC events.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

No changes.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Social-emotional learning (SEL) for all students	In order to support positive mental health and increase educational access, LBCS will provide curricular materials, resources, and ongoing professional development for staff in order to support the implementation of evidence based practices for tier I, social-emotional learning for all students.	\$50,442.00	No Yes

Action #	Title	Description	Total Funds	Contributing
<b>2.2</b>	Social-emotional and behavioral intervention	LBCS will provide and progress monitor targeted social-emotional and behavioral interventions for unduplicated pupils.	\$7,089.00	Yes
<b>2.3</b>	Online safety supports	LBCS will maintain appropriate filters, platforms, and system updates in order to maintain a safe online environment for all.	\$29,715.00	No
<b>2.4</b>	Facility improvements	LBCS will update or enhance facilities as needed to improve the student learning environment, community involvement and student, staff and parent safety and security.	\$82,805.00	No
<b>2.5</b>	Co-curricular and extra curricular activities	LBCS will offer and provide co-curricular activities, including Spanish instruction, visual and performing arts and physical education as well as extracurricular activities such as drama, leadership and Loomis Basin Athletic League sports to foster students' connection to school.	\$464,611.00	No
<b>2.6</b>	School safety and climate	LBCS will implement programs and initiatives that support positive school climate and safety.	\$1,000.00	No

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	Parent and community members will engage in the school community as demonstrated through parent participation rates in outreach opportunities and survey feedback.	Maintenance of Progress Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)  
 Priority 5: Pupil Engagement (Engagement)  
 Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Over the past several years, as outlined in the Educational Partner Feedback sections of the LCAP, LBCS has reported high percentages of positive feedback on community surveys. As such, LBCS hopes to focus it's continued efforts on effectively communicating at the classroom, school, and district level as well as focusing on high quality first instruction and a multi-tiered system of support that meets the needs of all students and families.

LBCS is an International Baccalaureate School, due to this, there are increased expectations for involvement from the community around the performing arts and enrichment activities. Students participate in the IB parade in the fall, Starstruck dance performance, Veteran's Day Assembly, PYP Exhibition, 6th grade Concert Choir performances, Talent Show, Art Show, 7th and 8th grade Shakespeare Camp and the MYP Community Project Showcase, all which depend greatly on the ongoing commitment from the LBCS parent and family community.

LBCS and LUSD will continue to provide an opportunity for in-person outreach events such as DELAC meetings, Parent-Teacher Club events, School Site Alliance, and other such parent engagement avenues.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	DELAC, PAC, SSA, IB Nights, PYP Exhibition and MYP Community Project Showcase	of each month of the school year.  Back to School Night (August 2022), IB Information Night (September 2022) PYP Exhibition (April 2023), MYP Community Project Showcase (April 2023)	of each month this school year.  Back to School Night (September 2024), IB Information Night (October 2024) PYP Exhibition (April 2025) MYP Community Project Showcase (March 2025)		Site Alliance Meetings  Provide outreach opportunities for families and community to participate in school events.	

## Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

### Successful Implementation:

Action 3.1 - Educational partner outreach- Successfully surveyed families and staff regarding learning environment & culture, communication, and student achievement & instruction. The annual survey was administered to both parent and staff groups.

Action 3.2 - Educational partner input - Successfully surveyed families and staff regarding communication. The annual survey was administered to both parent and staff groups.

Action 3.3 - DELAC and PAC meeting invites were sent to targeted groups and published for the public to attend. DELAC and PAC meetings were successfully conducted. However, there was no parent participation rates for the PAC meetings or for DELAC meetings. Monthly SSA Meetings, IB Nights, PYP Exhibition and MYP Community Project Showcase had high attendance rate.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

No material differences to report for Goal 3. Estimated actual costs were \$239 more than originally budgeted expenditures.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Based on our analysis of metrics and outcomes, the implementation of actions showed varying levels of effectiveness in achieving Goal 3, as demonstrated by both quantitative data and qualitative indicators.

#### Actions Demonstrating Strong Effectiveness

##### Action 3.1 - Educational Partner Outreach

-Successfully surveyed families and staff regarding learning environment & culture, communication, and student achievement & instruction. The annual survey reported that over 90% of both parents and staff provided positive feedback in all categories. However, the parent survey reflected that student achievement & instruction received an 94.4% rating of 'agree' or 'strongly agree'.

##### Action 3.2 - Educational Partner Input

Successfully surveyed families and staff regarding communication. The annual survey results indicated that over 90% of both parents and staff provided positive feedback in all categories.

#### Actions Demonstrating Emerging Effectiveness

##### Action 3.3 - English Learner and Low-Income Family Outreach

Implementation showed mixed results. PAC meetings have maintained a quorum, with 83%-100% of schools represented at every meeting, indicating strong engagement at the broader committee level. The fall DELAC meeting had the highest family attendance in recent years; however, the spring meeting saw participation drop significantly, with only one family represented. Monthly SSA Meetings, IB Nights, PYP Exhibition and MYP Community Project Showcase were highly attended.

To improve DELAC participation and strengthen connections with our English Learner community, we will conduct a survey to identify barriers preventing families from attending meetings. Additionally, we will explore alternative meeting locations to improve accessibility. Lastly, we will ensure consistent school representation on the DELAC committee by identifying and recruiting dedicated site community representatives.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

No changes.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
<b>3.1</b>	Stakeholder outreach		\$4,475.00	No
<b>3.2</b>	Stakeholder input	English learner and low-income family outreach	\$0.00	No
<b>3.3</b>	English learner and low-income family outreach	LUSD, including LBCS, will support and assist the development and provision of opportunities that encourage engagement of our English Language Learning a Low Income/Socio-economically disadvantaged student community	\$100.00	Yes
<b>3.4</b>	IB Program family outreach	LBCS will engage in outreach activities to inform families about the IB program.	\$0.00	No

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
<b>1.2</b>	<p><b>Action:</b> High-quality, standards-based supplemental curricular supports</p> <p><b>Need:</b> Low income students are in the blue for ELA (based on 2023 CAASPP data) and orange for math. Data indicates a need for intervention and supplementary materials related to academic performance for low income students.</p>	The materials provided are targeted tier II supports for students in need of intervention support. Additionally, intervention support is provided via highly qualified teachers.	Metrics 1.2 and 1.3 (CAASPP scores) will be used to monitor effectiveness based on growth as outlined year to year.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<b>Scope:</b> LEA-wide		
<b>1.4</b>	<p><b>Action:</b> English language development (ELD) standards based instruction.</p> <p><b>Need:</b> LBCS does not have enough EL students to collect data, but we conture to provide educational services to all EL students</p> <p><b>Scope:</b> LEA-wide</p>	Collaboration between teachers and EL TOSA provide professional development for teachers to gain strategies that support ELD students.	Metrics 1.2 and 1.3 (CAASPP scores) will be used to monitor effectiveness based on growth as outlined year to year.
<b>1.5</b>	<p><b>Action:</b> Expanded learning support opportunities</p> <p><b>Need:</b> Low income students are in the blue for ELA (based on 2024 CAASPP data) and green for math. Data indicates a need for intervention and supplementary materials related to academic performance for low income students.</p> <p><b>Scope:</b> LEA-wide</p>	TK/Kinder preparatory camp was offered and a Student Service Coordinator position continued in order to coordinate the MTSS process.	Metrics 1.2 and 1.3 (CAASPP scores) will be used to monitor effectiveness based on growth as outlined year to year.
<b>1.8</b>	<p><b>Action:</b> Instructional technology supports for subgroups</p>	Technology can make learning more accessible for at-risk students and ELLs by providing alternative formats, such as audio recordings, subtitles, or translations. In addition, technology	Effectiveness will be monitored through use of technology and software reports accessed by

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Need:</b> All students need equal access to curriculum</p> <p><b>Scope:</b> LEA-wide Schoolwide</p>	allows for adaptive learning platforms that can tailor instruction to individual students' needs. This is particularly beneficial for at-risk students who may have gaps in their learning or require additional support to catch up. For ELLs, personalized learning tools can provide targeted language support based on their proficiency level. This ensures that all students can access instructional materials regardless of their language proficiency or learning challenges.	general and special education teachers.
2.1	<p><b>Action:</b> Social-emotional learning (SEL) for all students</p> <p><b>Need:</b> Creating a positive school climate so students feel emotionally safe and supported at school.</p> <p><b>Scope:</b> Schoolwide</p>	<p>Continued research and piloting of social emotional learning (SEL) resources for middle school students that are both research based and engaging for adolescent students.</p> <ul style="list-style-type: none"> <li>Continued short and long term planning for LBCS school site improvements and upgrades to meet current and future facility needs, as well as planning for a future school-site change.</li> <li>Campus signage and student tours connected to the IB attributes that outline behavior expectations for different areas of campus.</li> <li>Ongoing, job specific (school counselor, school psychologist), collaboration times throughout the year to work on shared, student centered goals related to areas of emotional safety.</li> </ul>	Student Survey Results to monitor the SEL of students.
2.2	<p><b>Action:</b> Social-emotional and behavioral intervention</p> <p><b>Need:</b> Students with Disabilities, Socioeconomically Disadvantaged students and Hispanic</p>	LBCS will provide and progress monitor targeted social-emotional and behavioral interventions for unduplicated pupils.	LBCS will continue to have MTSS meetings and track the number of students who benefit from, the use of but not limited to, counseling services,

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>students subgroups suffer from high Chronic Absenteeism.</p> <p><b>Scope:</b> LEA-wide</p>		Check In, Check Out, or other similar interventions.
<b>3.3</b>	<p><b>Action:</b> English learner and low-income family outreach</p> <p><b>Need:</b> Some English Learner families are less likely to attend events and student support meetings such as parent teacher conferences, Student Support Team Meetings and student performances.</p> <p><b>Scope:</b> LEA-wide</p>	Translated information to English Learner families will continue to be a priority when communicating information regarding important meeting and student events.	Two DELAC meetings held (fall and spring) to review pertinent information and collect parent input Ongoing, translated information to English Learner families on important topics such as ELPAC and CAASPP testing, and LCAP input requests

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
-------------------	--------------------	---	------------------------------------

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

--

**Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Loomis Basin Charter School does not receive additional concentration grant funding.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## ***Purpose***

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## **Requirements and Instructions**

### **General Information**

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### **Reflections: Annual Performance**

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of EC Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
  - If the LEA has unexpended LREBG funds the LEA must provide the following:
    - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
    - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
      - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
      - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
        - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
    - Actions may be grouped together for purposes of these explanations.
    - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
  - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by EC Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

### **Reflections: Technical Assistance**

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

**Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

**Schools Identified**

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

**Support for Identified Schools**

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

**Monitoring and Evaluating Effectiveness**

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

**Engaging Educational Partners**

***Purpose***

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

**Requirements**

***Requirements***

**School districts and COEs:** [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### *Purpose*

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### *Requirements and Instructions*

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

**Focus Goal(s)**

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

**Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

**Broad Goal**

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

#### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### **Maintenance of Progress Goal**

#### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
  - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
<ul style="list-style-type: none"><li>• Enter the metric number.</li></ul>
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

## Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
    - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

### Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

## Actions:

Complete the table as follows. Add additional rows as necessary.

### Action #

- Enter the action number.

### Title

- Provide a short title for the action. This title will also appear in the action tables.

### Description

- Provide a brief description of the action.
  - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
  - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

### Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

### Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

### For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

### For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

### For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

### For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
  - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

## **Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students**

### ***Purpose***

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### **Statutory Requirements**

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

**LEA-wide and Schoolwide Actions**

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**For School Districts Only**

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

***Requirements and Instructions***

Complete the tables as follows:

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

#### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

#### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

#### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

#### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

#### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

#### ***Required Descriptions:***

#### **LEA-wide and Schoolwide Actions**

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

#### **Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis**

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

## **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## ***Total Planned Expenditures Table***

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.  
  
See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## ***Contributing Actions Table***

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## ***Annual Update Table***

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## ***Contributing Actions Annual Update Table***

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## ***LCFF Carryover Table***

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## ***Calculations in the Action Tables***

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### **Contributing Actions Table**

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

## **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
