

Placer County Community School School Accountability Report Card Reported Using Data from the 2019-2020 School Year Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Mission Statement: The Student Services Department will increase student achievement through meaningful and rigorous instruction for all students.

Situated in the Sierra Foothills, Placer County Office of Education (PCOE) serves over 75,000 students in 16 school districts across Placer County. In order to serve the students of Placer County, PCOE provides an array of programs and service to meet student needs. This task is accomplished by providing high quality specialized programs for students; recruiting, retaining, and developing highly qualified staff; and monitoring fiscal accountability and expenditures.

PCOE Community Schools typically serve students for less than one year. Students are placed in specific programs due to incarceration, court order, expulsions, probation referral or voluntarily through the School Attendance Review Board (SARB) process. The school specific demographic data reported below was collected in October of 2020. However, this data can be extremely variable due to the transient nature of the student population.

Koinonia Community School serves students who are receiving treatment related to substance abuse and currently live in Koinonia Group Homes located in Placer County. Through collaborative efforts with the Placer Children's System of Care (CSOC), Placer County Probation Department and local volunteer organizations, Koinonia Group Homes offers Koinonia Community School students substance-abuse counseling services on and off site. Koinonia Community School provides Common Core State Standards based curriculum and instruction to students grades 7-12. Whole group instruction, as well as individualized interventions, are provided to increase academic achievement. Career Technical Education is currently provided in the area of Information Communication Technology.

Academic and Career Counseling is provided and a broad course of study is available using a blended model of in-class instruction and on-line coursework. Koinonia Community School typically serves 15-25 students at any one time. However, a large percentage of these students transfer in and out of the program throughout the school year. Demographic data: 46.15% Hispanic, 7.69% American Indian/Alaskan Native, 7.69% Black/African American, 38.46% White, 23.08% English Learners, 23.08% Special Education, 100% Socio-Economically Disadvantaged, 100% Foster Youth.

The Tahoe-Truckee Community School is a partnership between the Placer County Office of Education and the Tahoe-Truckee Unified School District. Tahoe-Truckee Community School provides intensive intervention tailored to students' academic and social-emotional needs. Common Core State Standards-based curriculum and instruction are provided to students in grades 7-12. Whole group instruction, as well as individualized interventions, facilitate academic, social, and emotional achievement. Tahoe-Truckee Community School has a low teacher-student ratio which enables teachers to provide differentiated, meaningful and rigorous instruction to all students. Tahoe-Truckee Community School provides counseling to students in need of social-emotional support, substance abuse awareness instruction and interventions related to anger management and appropriate choice making. Academic and Career Counseling is provided to all students. Tahoe-Truckee Community School typically serves between 12 and 15 students at any one time, however, a large percentage of these students transfer in and out of the program throughout the school year. Demographic data: 88.89% Hispanic, 11.11% Declined to State, 0.00% English Learners, 44.44% Special Education, 66.67% Socio-Economically Disadvantaged, 0% Foster Youth.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Vacant Teacher Positions	0	.5	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: 12/2020

Placer County Office of Education held a public hearing on September 10th, 2020 and determined that each school within the district had sufficient and good quality textbooks, instructional materials and science lab equipment pursuant to the settlement of Williams vs. the State of California.

All students, including English language learners, are given individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

The Placer County Office of Education (PCOE) takes great efforts to make sure all its school sites are clean, safe, and functional. To ensure these goals and objectives are met, PCOE employs custodial & maintenance staff or contracts with partner districts for nightly cleaning services and routine maintenance of all facilities it owns, leases, or operates. Each facility is inspected on a yearly basis on or about July 1st of each school year. Routine maintenance of HVAC, electrical, painting, plumbing, grounds, and general building upkeep are planned according to industry standards and specifications. A work order ticketing system is available for staff to submit repair and safety items that need to be addressed.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	5	N/A	24	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education Programs (School Year 2019-2020)

Placer County Community School offers a CTE course in the area of Career Exploration.

As part of students' IEPs, students participate in career awareness, exploration and preparatory activities in school and community-based settings. Work experiences are provided through the Workability program, and students participate in various on-the-job training experiences. Job coaching is provided during this process. Transition plans are developed to help students transition to post-secondary education and/or career opportunities.

The primary representative on the regional CTE advisory committee is Tina Angell. Industries represented are related to Information, Communication and Technology.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Placer County Community School gathers parent feedback and encourages participation in school activities and the School Site Council. Parents are asked to provide feedback through stakeholder meetings and by participating in the California Healthy Kids Survey annually as part of the Local Control Accountability Plan (LCAP) development. School Site Council meetings are held monthly and include parent/guardian and community member involvement and decision making that directly impacts materials, services and supports at each site. Parents also receive regular feedback from school staff; including teachers, school psychologists and school counselors.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	1.1	1.3	
Expulsions	0	0.1	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

All Placer County Office of Education (PCOE) school sites are in progress of updating their 2020-2021 comprehensive school safety plan in accordance with Superintendent Policy 0450 and in order to fulfill the requirements of California Education Code 32280 through 32289. In compliance with SB 187 the plan will be reviewed and revised annually for each school site by the School Site Council/School Safety Committee, reviewed in consultation with law enforcement and first responders, and approved by the County Superintendent of Schools by March 1, 2021. Site safety plans are aligned with the National Incident Management System (NIMS) and California Standardized Emergency Management Systems (SEMS) utilizing the Incident Command System (ICS). Each document is prepared for the use of employees at a specific school site in the event of an emergency, disaster, or crisis situation.

At the beginning of each school year, School Site Councils/School Safety Committees update their site specific Emergency Plan. The site specific Emergency Plan includes the site safety plan, Placer County Office of Education's Disaster Plan, updated site maps/evacuation routes, and Emergency Medical Services Authority (EMSA) Emergency First Aid Guidelines for California Schools. Schools are issued first aid kits and "grab and go" emergency packs in the event of an evacuation and Emergency Supply Kits for use during lock downs or shelter in place situations. In addition, our school nurses work with staff & parents/guardians of students with special needs in order to provide medical emergency kits in accordance with their Individualized School Health Plans.

The safety plan was last approved by the County Superintendent of Schools in February of 2020.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	3	4	4

PCOE provides four professional development days annually in addition to monthly professional development opportunities.

Current professional development includes: Professional Learning Communities (PLC), implementation of the Common Core State Standards, professional development related to Positive Behavior Interventions and Supports (PBIS), Cultural Competency, and Universal Design for Learning (UDL).

Education technology and curriculum/standards alignment trainings are made available to educators and support staff. Professional Development related to understanding the English Learner Development Standards lesson design and delivery is provided on an ongoing basis. Individual instructional coaching is provided to each teacher. Local assessment results are utilized to plan professional development and inform instructional change.
