## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Mission Statement: The Student Services Department will increase student achievement through meaningful and rigorous instruction for all students.

Situated in the Sierra Foothills, Placer County Office of Education (PCOE) serves over 75,000 students in 16 school districts across Placer County. To serve the students of Placer County, PCOE provides an array of programs and services to meet student needs. This task is accomplished by providing high-quality, specialized programs for students, recruiting, retaining, and developing highly qualified staff, and monitoring fiscal accountability and expenditures.

The Placer County Pathways Charter School is located at multiple sites in Placer County. As a Placer County Office of Education school, Pathways Charter serves students in transitional kindergarten through twelve (TK-12).

The Pathways Charter School serves students in several distinct programs:

iLearn Academy is an Independent Study program serving families with children in TK-8 who choose to educate their children at home or in a hybrid program. iLearn teachers regularly collaborate with parents and students to provide a rigorous, standards-based learning plan that addresses individual student needs and interests. The iLearn Academy program also provides students access to online learning, on-site classes, field trips, and school-wide events to promote community and connections with others. iLearn Academy typically serves 170-200 students at any one time. Demographic data: 20.88% Hispanic, .55% American Indian/Alaskan Native, .00% Asian, .55% Filipino, .00% Black/African American, 71.43% White, 4.40% Multiple, 2.20% Declined to State, 1.65% English Learners, 19.23% Special Education, 35.16% Socio-Economically Disadvantaged, 0.00% Foster Youth.

Intensive CARE (iCARE) is a County Community School program serving seventh through twelfth graders who are expelled, referred by probation or the School Attendance Review Board (SARB), or placed by a parent. iCARE classes provide instruction in a small and supportive setting. Students have access to Career Technical Education options as they progress toward their learning goals. Academic and Career Counseling is provided to all students, and a broad course of study is available using a blended model of in-class instruction and online coursework. iCARE typically serves students for less than one year. The school-specific demographic data reported below was collected in October of 2021 and can be highly variable due to the transient nature of the student population. iCARE Community School typically serves 30-60 students at any one

## 2021-22 School Overview

time. However, many of these students transfer in and out of the program throughout the school year. iCARE also provides a voluntary independent study option for students on probation, referred, expelled, or voluntarily placed by parents if appropriate. Demographic data: 35.14% Hispanic, 2.70% American Indian/Alaskan Native, 5.41% Black/African American, 48.65% White, 8.11% Multiple, 10.81% English Learners, 16.22% Special Education, 54.05% Socio-Economically Disadvantaged, 5.89% Foster Youth.

The Come Back Program is an independent study program specifically designed to address the academic needs of adult students who have not completed high school and who wish to obtain a high school diploma. The Come Back Program reaches students who have "dropped out" or are not currently enrolled in any school or who face particular challenges that make daily attendance difficult. The Come Back Program educates students who have fallen behind in their studies, provides opportunities and resources to increase career/workforce readiness skills, provides individualized instruction, and assists students in earning a high school diploma. Demographic data: 34.33% Hispanic, 1.47% American Indian/Alaskan Native, 1.49% Asian, 5.97% Black/African American, 49.25% White, 5.97% Multiple, 1.49% Declined to State, 4.48% English Learners, 11.94% Special Education, 74.63% Socio-Economically Disadvantaged, 2.29% Foster Youth.

During the 2021-2022 school year, 566 students were served at Pathways Charter School.

### A. Conditions of Learning

#### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	
<b>Intern Credential Holders Properly Assigned</b>	
<b>Teachers Without Credentials and Misassignments (“ineffective” under ESSA)</b>	
<b>Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)</b>	
<b>Unknown</b>	
<b>Total Teaching Positions</b>	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Placer County Office of Education held a public hearing on September 9th, 2021. It determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment according to the settlement of Williams vs. the State of California.

All students, including English language learners, are given individual standards-aligned textbooks or instructional materials in core subjects for use in the classroom and to take home. Books and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks the most current available in the school. All teachers review materials approved for use by the State, and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. Before adoption, all recommended materials are available for parent examination at the district office. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

## School Facility Conditions and Planned Improvements

The Placer County Office of Education (PCOE) makes great efforts to ensure all its school sites are clean, safe, and functional. To ensure these goals and objectives are met, PCOE employs custodial & maintenance staff or contracts with partner districts for nightly cleaning services and routine maintenance of all facilities it owns, leases, or operates. Each facility is inspected yearly on or about July 1st of each school year. Regular maintenance of HVAC, electrical, painting, plumbing, grounds, and general building upkeep are planned according to industry standards and specifications. A work order ticketing system is available for staff to submit repair and safety items that need to be addressed.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 Career Technical Education Programs

Placer County Pathways Charter School offered three Career Technical Education (CTE) courses during the 2019-2020 school year. Classes offered were related to the Information Communication Technology (ICT) Pathway.

Exploring Computer Science – Students create posters and PowerPoint presentations to demonstrate understanding. Oral presentations of their work are also required. Students use various computer tools and websites to complete assignments.

Computer Programming - Solving Applied Problems - Students go on a field trip to Parallax, a local robotics, and electronics company. Students use technology in the classroom as well. The classes have 3D printers and a small CNC routing machine to create physical models.

Exploratory Career Technical Education class - Students participate in a job/resume unit. Students learn about their personalities, the careers that best suit their personalities, career exploration, and college exploration. Students learn how to develop resumes, including creating a resume using action words. Students also learn to create an effective cover letter and participate in mock interviews. Post-interview activities are also explicitly taught.

Financial literacy is also part of the CTE curriculum. Students learn about personal finance, including credit card usage, credit scores, applications, budgeting, car loans, mortgages, various insurance policies offered, estate planning, stocks, and investment opportunities.

Sierra College and Golden Sierra Job Training Agency provide real-world connections and job opportunities. Field trips are provided to Sierra College, American River College, CSU Sacramento, and UC Davis. Students complete career Interest Inventories. Meetings with parents/students regarding educational goals, college applications, and financial aid are held. Pathways Charter School programs provide personal assistance through the college application process. The students annually attend a career technical education conference at Sierra College, where students can experience college programs in action.

As part of students' IEPs, students participate in career awareness, exploration, and preparatory activities in school and community-based settings. Work experiences are provided through the Workability program, and students participate in various on-the-job training experiences. Job coaching is provided during this process. Transition plans are developed to help students transition to post-secondary education and career opportunities.

The primary representative on the regional CTE advisory committee is Tina Angell. Industries represented are related to Information, Communication, and Technology.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Placer County Pathways Charter School gathers parent feedback and encourages participation in school activities and the School Site Council. Parents are asked to provide input through meetings with educational partners and by participating in the California Healthy Kids Survey annually as part of the Local Control Accountability Plan (LCAP) development. School Site Council meetings are held monthly and include parent/guardian and community member involvement and decision-making that directly impacts materials, services, and supports at each site. Parents also receive regular feedback from school staff, including teachers, school psychologists, and school counselors.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

All Placer County Office of Education (PCOE) school sites are in the process of updating their 2021-2022 comprehensive school safety plan in accordance with Superintendent Policy 0450 to fulfill the requirements of California Education Code 32280 through 32289. In compliance with SB 187, the plan will be reviewed and revised annually for each school site by the School Site Council/School Safety Committee, reviewed in consultation with law enforcement and first responders, and approved by the County Superintendent of Schools by March 1, 2022. Site safety plans are aligned with the National Incident Management System (NIMS) and California Standardized Emergency Management Systems (SEMS) utilizing the Incident Command System (ICS). Each document is prepared for employees to use at specific school sites in the event of an emergency, disaster, or crisis.

At the beginning of each school year, School Site Councils/School Safety Committees update their site-specific Emergency Plan. The site-specific Emergency Plan includes the site safety plan, Placer County Office of Education's Disaster Plan, updated site maps/evacuation routes, and Emergency Medical Services Authority (EMSA) Emergency First Aid Guidelines for California Schools. Schools are issued first aid kits and "grab and go" emergency packs in the event of an evacuation and Emergency Supply Kits for use during lockdowns or shelter in place situations. In addition, our school nurses work with staff & parents/guardians of students with special needs to provide medical emergency kits following Individualized School Health Plans.

The safety plan was last approved by the County Superintendent of Schools in February 2021.

## Professional Development

PCOE provides four professional development days annually in addition to monthly professional development opportunities.

Current professional development includes Professional Learning Communities (PLC), implementation of the Common Core State Standards, professional development related to Positive Behavior Interventions and Supports (PBIS), Cultural Competency, and Universal Design for Learning (UDL).

Education technology and curriculum/standards alignment trainings are available to educators and support staff. Professional Development related to understanding the English Learner Development Standards lesson design and delivery is provided. Individual instructional coaching is provided to each teacher. Local assessment results are utilized to plan professional development and inform instructional change. New teachers receive support through the Teacher Induction Program.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
