2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Mission Statement: The Student Services Division will increase student achievement through meaningful and rigorous instruction for all students.

The Placer County Office of Education Special Education Department provides a full range of services designed to meet the needs of students with moderate to severe disabilities throughout Placer County. Placer County Office of Education (PCOE) is a member of the Placer Special Education Local Plan Area (SELPA). PCOE's programs provide classes and services that use evidence-based approaches in structured, positive learning environments to support students in meeting their Individual

2024-25 School Description and Mission Statement

Education Plan (IEP) goals and objectives. Students are served on multiple school campuses. The special education programs address each student's individual educational needs by offering a range of programs. During the 2023-2024 school year, 96 students (Kindergarten through age 22) were enrolled in the Placer County Office of Education Special Education Programs. 22% Hispanic, 5% Asian, 1% Filipino, 7% Black/African American, 3% Hawaiian/Pacific Islander, 50% White, 9% Multiple, 3% English Learner.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

PCOE serves districts' most severe students in our special day classes. Students integrated on district sites use those schools' state-adopted textbooks, instructional materials, and materials pertinent to their IEP goals and objectives. Many students' disabilities necessitate them to utilize computers and adaptive technology devices, including large print and Brailled materials, video technology, FM systems (audiological technology), and other specialized equipment to access curriculum and instruction.

All students, including English learners, have access to standards-aligned textbooks or instructional materials in core subjects for use in the classroom and to take home. Books and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks the most current available in the school. Students have access to grade-level instructional materials in core curricular areas, including Unique Learning Systems, N2Y, and TeachTown. All teachers review materials approved for use by the State, and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. Before adoption, all recommended materials are available for parent examination at the district office. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

The Placer County Office of Education (PCOE) makes great efforts to ensure all its school sites are clean, safe, and functional. To ensure these goals and objectives are met, PCOE employs custodial & maintenance staff or contracts with partner districts for nightly cleaning services and routine maintenance of all facilities it owns, leases, or operates. Each facility is inspected yearly on or about July 1st of each school year. Regular maintenance of HVAC, electrical, painting, plumbing, grounds, and general building upkeep are planned according to industry standards and specifications. A work order ticketing system is available for staff to submit repair and safety items that need to be addressed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

2023-24 Career Technical Education Programs

As part of students' IEPs, students participate in career awareness, exploration, and preparatory activities in school and community-based settings. Work experiences are provided through the Transition Partnership Program, and students participate in various on-the-job training experiences. Job coaching is provided during this process. Transition plans are developed to help students transition to post-secondary education/training and workforce opportunities.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Each program's administrator works in partnership with parents and staff to increase parent involvement and maximize educational opportunities for our students. Parents receive continuous information about their child's progress toward IEP goals and objectives, appropriate California academic content standards, and the services provided to support their growth. In addition, IEP meetings are scheduled at least annually and more frequently if needed to develop students' Individual Education Plans and foster collaboration between home and school.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

2024-25 School Safety Plan

Placer County Special Education has an updated and approved Comprehensive Safe School Plan in accordance with Superintendent Policy 0450 to fulfill the requirements of California Education Code 32280 through 32289. In compliance with BS 187, the plan is reviewed and revised annually for each school site by the School Safety Committee, reviewed in

2024-25 School Safety Plan

consultation with law enforcement and first responders, and approved by the County Superintendent of Schools by March 1 of every year. Site safety plans are aligned with the National Incident Management System (NIMS) and California Standardized Emergency Management Systems (SEMS) utilizing the Incident Command System (ICS). Each document is prepared for employees to use at specific school sites in the event of an emergency, disaster, or crisis.

At the beginning of each school year, Placer County Special Education's School Safety Committees update the site-specific Emergency Plan. The site-specific Emergency Plan includes the site safety plan, Placer County Office of Education's Disaster Plan, updated site maps/evacuation routes, and Emergency Medical Services Authority (EMSA) Emergency First Aid Guidelines for California Schools. Placer County Special Education issued first aid kits and "grab and go" emergency packs in the event of an evacuation and Emergency Supply Kits for use during lockdowns or shelter-in-place situations. In addition, Placer County Special Education nurses work with staff & parents/guardians of students with special needs to provide medical emergency kits following Individualized School Health Plans.

Professional Development

PCOE provides four annual professional development days and monthly professional development opportunities.

Current professional development includes the implementation of the Common Core Standards, professional development related to Positive Behavior Interventions and Supports (PBIS), Alternative and Augmentation Communication, quality IEPs, the Unique Learning Systems and TeachTown curricula, and SANDI Assessment system.

The Placer County Office of Education and the Special Education Local Plan Area both offer numerous classes and workshops to meet the needs of teachers and instructional assistants. Some teachers receive individualized coaching from an Instructional Coach and new teachers receive support through the Teacher Induction Program.

This table displays the number of school days dedicated to staff development and continuous improvement.
