

# Transitional Kindergarten (TK) Hybrid Option

Assembly Bill 130, which was passed in 2021-2022, outlines a phase-in model which began in the 2022-2023 school year to support the expansion of Transitional Kindergarten (TK). During this phase-in time, the following age range for children enrolling in TK will be the following:

- 2022–23: 5th birthday between September 2–February 2
- 2023–24: 5th birthday between September 2–April 2
- 2024–25: 5th birthday between September 2–June 2
- 2025–26: 4th birthday by September 1st

**NOTE: We must have a minimum of 8 students signed up for this class to be offered. Please contact the iLearn office to find out the status of this option.**

The **TK Hybrid class** will be held on **Thursdays and Fridays** from **8:45am to 12:00pm** in Room 1 on the Pathways Charter iLearn Academy campus. Students and families independent study days will be Monday through Wednesday.

We will continue to offer TK as a 100% Independent Study Option as we have in the past, and the age ranges will apply to that option as well.

At iLearn we strive to provide a high-quality educational option for families who choose independent study for their children. Parents who make this decision, especially those who begin with Transitional Kindergarten, understand that their role as teachers in the home environment is critical to their child's academic success. Our unique partnership with our families is what makes iLearn an effective and positive choice in education that we are very proud of.

If you are interested in our TK Hybrid or 100% Independent Study Option, please sign up for a [Program Information Session](#) and fill out an [online application](#) for enrollment.
